

# POST OFFICE AT OLIVE ROBBED IN SERIES OF BURGLARIES

## Twenty Dollars Stolen By Men Thought to Have Broken Into Other Places

### GAS VEHICLES USED BY BANDITS, IS BELIEVED

### Sheriff's Office At Work On String Of Recent Crimes In County

Burglars broke into the Olive post office last night and stole \$20.

Placencia store, Buena Park store, Garden Grove post office and two other places, Olive post office—in the burglary of these places Sheriff Jackson and his deputies have a string of offenses that as yet have offered no solution.

They believe that two men who travel either in an automobile or on a motorcycle committed all six burglaries, but who those two men are has not been learned.

Only Money Stolen

With the exception of the burglary of the Placencia store, the thieves have taken nothing but money. At Placencia two pairs of shoes and two cheap watches were taken. At Buena Park, the burglars got \$50. At the Garden Grove post office on Wednesday night of this week they got \$120, and at Brown's poolroom and Jetties feed store the same night they got 11 cents.

The Olive post office is located in the Kusel & Lorenzen general merchandise store at Olive. The method used to gain entrance was that used at Placencia, Buena Park and Garden Grove—the simple expedient of jimmying a window until the latch broke. The money drawer in the post office was opened without difficulty, and about \$20 was taken. Drawers in the store were searched, but there was no money in them. A Los Angeles post office inspector was notified and is making an investigation.

Deputies Make Search

A careful search of the premises was made this morning by Under Sheriff Iman and Deputy Maxwell. They found that when the thieves entered they carefully moved a number of bottles that had stood on the inside of the window.

# W. R. COLLIS, PIONEER FULLERTON MERCHANT, IS DEAD OF STROKE

(Special to the Register)

FULLERTON, Sept. 9.—W. R. Collis, 63, a pioneer dry goods merchant of this city, dropped dead of apoplexy and a complication of ailments at 5 o'clock this morning. Collis lived here for twenty years. Recently he retired from active business. He is survived by a widow and a son, Roland Collis. In July he completed a term as city treasurer.

# WILSON SETS DAYS TO AID WAR SUFFERERS

WASHINGTON, Sept. 9.—Two proclamations by President Wilson appointing contribution days for the relief of peoples suffering from the European war were given out at the White House.

The first proclamation appointed Saturday and Sunday, October 21 and 22, as days for giving aid to stricken Syrians and Armenians. The second appointed Wednesday, November 1, as a day for helping the Lithuanians.

# GIANT LABOR FIGHT LOOMS IN GOTHAM

NEW YORK, Sept. 9.—The greatest fight in history today was forecast when the Central Federated Union, representing approximately 750,000 persons, appointed a committee to call for a general sympathetic strike to aid the striking employees of the traction companies.

# New Teuton Drives Are Destined to Fail, Says Czar's Main Army Chief

BY WILLIAM PHILLIP SIMMS  
(United Press Staff Correspondent)

HEADQUARTERS OF THE RUSSIAN ARMY, Sept. 9.—Germany must send 400,000 men to aid the demoralized Austrians if she hopes to stiffen their resistance, General Michael Alexieff, chief of staff of the Czar's armies today told the United Press.

When asked if he credited the report of a combined Austro-German-Turkish offensive in the East General Alexieff said:

"Despite the encircling ring of the allies and the continual pressure they are exerting on all sides I would hesitate to say that an offensive is impossible.

"The biggest mistake a general can make is to underestimate the enemy. Should such an offensive develop it would be for us to beat it. This I am most confident, the Russians can do.

"On July 16th the German offensive on the Lipa failed. Future offensives stand to meet the same fate.

"I will not say that the Austrians' front is crushed, but they are badly demoralized.

"From the Turks not more than two divisions are available for the Russian front.

"The Russians have shown what they can do when equipped. They are now entering the third winter stronger than ever."

"What about peace?" the general was asked.

"Peace is probably some distance off. Neither side has attained the object for which it is fighting. There can be no thought of peace now. The war must follow its inevitable and historic course."

## ALL VERDUN FRENCH NOW ON OFFENSIVE

BY HENRY WOOD  
(United Press Staff Correspondent)

HEADQUARTERS OF THE FRENCH AT VERDUN, Sept. 9.—The Germans are now entirely on the defensive before Verdun.

The great battle, which began 201 days ago, today has entered its third and final stage.

The French are steadily winning back their lost positions. The battle is gradually dying like an extinct volcano.

Since the French took the offensive on July 10 10,000 Germans have been captured.

It has now been learned definitely that the Germans were forced to remove huge quantities of artillery and men from Verdun to the Somme front three weeks ago to meet the new Anglo-French offensive. That had the immediate effect in general on the remaining men.

In February they had been told that they were to capture Verdun. At the end of July they were told that there would be sufficient men remaining simply to dominate the situation.

When they had been reduced in numbers to merely a defensive garrison after nearly seven months of fighting their morale was so shattered that groups of prisoners have been surrendering, some going through Verdun singing the Marseillaise, French officers declare.

# TURKS ROUT SLAVS, CAPTURE 1000 FOES

## Rumania Shifts Force In Effort to Stem Foe's Black Sea Coast Drive

BERLIN, Sept. 9.—The Russians have been driven back east of Halicz by the Turks, losing 1000 prisoners, today official statement said. It is admitted that the Austro-Germans have retired from Mt. Kepul in the Carpathians.

SLAVS AT LEMBERG GATE ROUTED BY TURKS

BUCHAREST, Sept. 9.—The Rumanian general staff has shifted a force to the southeastern frontier to check the German-Bulgarian invasion, it was today semi-officially announced. An "important force" is now co-operating with the Russians in Dobrudja. A further retirement may be necessary as the Dobrudja territory is difficult to defend.

## FRENCH SEIZE WOODS SOUTH OF SOMME

PARIS, Sept. 9.—The French have delivered another successful blow south of the Somme, capturing a wood near Belay, the War Office today announced. Seventy-seven hundred Germans have been captured since September 3 by the French, the official statement says.

## TEUTONS ENTER RUMANIA FOR 50 MILES

BERLIN, Sept. 9.—The Germans and Bulgars have advanced fifty miles beyond the Rumanian frontier in their invasion along the Black Sea coast, it was today officially announced.

## 20 BULGAR CRAFT SUNK IN FIRST SEA CLASH

PETROGRAD, Sept. 9.—Russian naval forces have been engaged against the Bulgarians for the first time, it was today announced. Russian torpedo boats sank twenty Bulgarian barges in Port Balchik, which was recently captured from the Rumanians.

## GERMAN TRENCH IS CAPTURED BY SOMME BRITISH

LONDON, Sept. 9.—The British have captured a German trench in the Fourcaux woods, it was today announced officially.

## BANDITS STEAL MULE FROM PUNITIVE FORCE

EL PASO, Texas, Sept. 9.—Thirty Mexicans, supposed to be Villa followers, made a raid on the engineer camp of the American punitive expedition and escaped with a mule, according to members of the expeditionary force arriving here from Mexico by way of Columbus, N. M. This incursion, which took place last Wednesday on an isolated portion of the camp at Ojo Federico, is believed to have been indirectly responsible for a rumor of a clash between the Fifth Cavalry and Sixteenth Infantry of regulars and a band of Villa followers south of El Valle, Chihuahua.

## WILSON PLEASED WITH RECEPTION RECEIVED FROM SUFFRAGISTS

ATLANTIC CITY, N. J., Sept. 9.—President Wilson left Atlantic City today, pleased with his reception by the suffragists. For their part the suffragists were openly delighted with the things the President told them.

"It was the happiest moment of my life when the President came here and said he came to fight with us," said Mrs. Carrie Chapman Catt.

# MINE OFFICIAL SLAIN, ROBBED OF \$12,000; THUGS FLEE

## Martin's Ferry, O., Scene of Daring Daylight Robbery Tragedy

MARTIN'S FERRY, O., Sept. 9.—Vowing that there would be a lynching 150 coal miners whose wages had been stolen by hold-ups have left the premises of the Youghicheny Coal Company, three miles from here and joined a sheriff's posse that is combing the hills for bandits who murdered Lee Rankin, the superintendent, taking the payroll of \$12,000.

MARTIN'S FERRY, O., Sept. 9.—Superintendent Rankin of the Florence Coal mine today was held up by two men and robbed of \$12,000. The bandits shot and killed him. He had the payroll.

Rankin was in a taxi driven by Oliver Pickens. He had the money of the weekly payroll for the miners.

The hold-up occurred under a grade crossing between here and the mine about three miles out, at about noon. Two foreigners ordered Pickens to stop.

Rankin, who was armed, immediately suspected a hold-up and jumped out of the taxi.

He was eight feet from the machine when one of the bandits shot him down, severing an artery.

The bandits grabbed the money and fled to the woods.

A big posse with bloodhounds is on the chase.

Rankin died almost immediately as a result of the severed artery.

# LONDON DAILY PRINTS VANDERBILT'S PHOTO AS DIVER CAPTAIN'S

LONDON, Sept. 9.—Fleet street is agog with talk over a serious mistake which, unless settled in the meantime, will be rectified in the high courts.

On August 29 last a certain illustrated daily printed on its back page a large photograph of a man in a yachting dress and wearing a naval cap. Underneath the photograph was the inscription: "Captain Max Valentier," while over it stood the following: "The Lusitania Pirate."

It now turns out that the photo is not that of Valentier at all, but one of Cornelius Vanderbilt, taken some time ago in yachting costume.

The irony of the whole affair is that Vanderbilt's brother Alfred was one of the best known victims of the Lusitania.

# U. C. CROP CONDITIONS 5.4 PER CENT BELOW PAST 10-YEAR PERIOD

WASHINGTON, Sept. 9.—The composite condition of all United States crops is 5.4 per cent below the past ten years' average and 11.9 per cent below last year, government figures today show. Prices are 18.6 per cent higher than the average of the past eight years.

The level price of the principal crops September 1 was 21.9 per cent higher than a year ago, increasing 9.3 per cent during August.

Index figures on prices of meat and dairy products August 15 were 19.4 per cent higher than a year ago.

# FRED KELLY DEFEATED BY BOB SIMPSON IN A.A.U. HIGH HURDLES

NEWARK, N. J., Sept. 9.—Fred Kelly of Southern California today was beaten by Bob Simpson of Missouri in the high hurdles of the A. A. U. championships.

NEWARK, N. J., Sept. 9.—The senior national championships of the A. A. U. began here today. The contestants form the greatest collection of athletes who ever faced a starter's gun.

With good weather and track conditions, new world's records are expected in several events. The four great hurdlers, Simpson, Kelly, Murray and Thomson, it is predicted, will make history and Arlie Mucks, the giant weight man of Wisconsin University, is to make a try at the weight records.

A big crowd is here for the events.

# WILSON PLEASED WITH RECEPTION RECEIVED FROM SUFFRAGISTS

ATLANTIC CITY, N. J., Sept. 9.—President Wilson left Atlantic City today, pleased with his reception by the suffragists. For their part the suffragists were openly delighted with the things the President told them.

"It was the happiest moment of my life when the President came here and said he came to fight with us," said Mrs. Carrie Chapman Catt.

# Eyes of South Turn To Santa Ana as Big M. E. Conclave Nears

The eyes of Methodists all over Southern California are turned toward Santa Ana this week, and the first of next week their steps will lead about 500 of them to the place toward which their eyes are now turned.

The reason is this: The Southern California conference of the Methodist Episcopal Church is to be held at the First Methodist Church in Santa Ana commencing Tuesday, Sept. 19, at 9 o'clock, and lasting until noon, Monday, Sept. 25.

Big men in the religious life of the world are to be here, leaders of the Methodist denomination are to speak, important business is to be transacted in truth, the conference has every indication of being a notable one.

Santa Ana as a whole joins with the Santa Ana Methodists, who with their pastor, Rev. E. J. Inwood, have worked for weeks in preparation for the big gathering in the welcome that is being prepared.

## Laymen's Association

On Thursday and Friday, during the conference, the annual meeting of the Laymen's Association of Southern California Methodists will be held here. The sessions are to be in the United Presbyterian church, which is but a block from the conference church.

At the conference itself the high ideals of Christianity will be expounded by men known the world over as leaders in the work.

Dr. Lynn Harold Hough, dean of the Garrett Biblical Institute of Evanston, Ill., will lead the devotional exercises and will speak every morning and at the Sunday evening service.

Bishop Leonard of San Francisco, and Bishop Lambuth of the Methodist Episcopal Church, South, who also resides in the north, will be among the state notables to be present. Bishop Leonard will preside at the conference.

# CALIF. NATAL DAY CELEBRATED AT SANTA ROSA

SANTA ROSA, Sept. 9.—Thousands of Native Sons and Daughters from more than seventy parliors today celebrated the sixty-sixth birthday of California. From point of attendance and excellence of program this is the greatest Admission Day in many years.

With streets ablaze with a special illumination, a gorgeous decorated reception was begun last night when upon their arrival the hosts were escorted in a torchlight parade.

Dozens of military, fraternal and other organizations accompanied the representatives of the seventy parliors.

There were a dozen bands, a score of drum corps, floats depicting California history back to the days of Father Junipero Serra.

The ceremonies included the raising of bear flags.

These and like marchers were greeted with wild cheers from the spectators lining the route of the procession.

If you are in love, ask Cunningham. He knows. Clune's, Monday and Tuesday.

# BRITISH REVOLT PLOT IS BARED AT TRIAL FOR TREASON IN SO. AFRICA

## 2 Nationals Alleged to Have Approached Boers With Rebellion Plans

### GEN. DE WET INFORMS GOVERNMENT OF MOVE

### Hearing of Van Der Merwe and Schonken at Bloemfontein Is Adjourned

CAPE TOWN, Sept. 9.—Details of an attempt to foment another rebellion against the British in South Africa were disclosed at the trial of Van Der Merwe and Schonken yesterday at Bloemfontein. Two nationals, on a charge of high treason. The men are alleged to have approached a number of prominent Boers, including General De Wet, to whom they told that large stores of rifles were available and that certain Boer generals were willing to lead a revolt.

General De Wet, who informed the government of the movement, testified that he warned the men against attempting another uprising. The hearing was adjourned.

General De Wet, commander-in-chief of the Orange Free State forces in the Boer war, headed a rebellion against the British early in the present war.

He was captured, convicted of high treason and sentenced to six years' imprisonment and a fine of \$10,000, but was released from prison on December 31, 1915.

# NEW DEATH THREATS ARE MADE BY VILLA

EL PASO, Sept. 9.—"I will shoot every gringo in Chihuahua on the eve of Mexican Independence day, September 16," is the threat Villa is making to the natives along the line of his march northward, it is reported here today. Villa has 1500 men, fully armed.

Texas rangers exchanged shots with Mexicans across the Rio Grande near Fabens, wounding one, it is reported.

# HEAVY RAINS CAUSE MUCH MISERY NORTH OF PHOENIX, ARIZONA

PHOENIX, Ariz., Sept. 9.—Heavy rains in the North are causing much misery. Several sections have been flooded.

# ABANDON 5-CENT LOAF BAKERS RECOMMEND

CHICAGO, Sept. 9.—Recommendations to all bakers of the United States that the 5-cent loaf of bread be abandoned and the 10-cent loaf standardized were made after considerable discussion at the closing session of the executive committee of the National Association of Master Bakers.

They urged that the recommendations be put into effect immediately.

Economic waste incident to the 5-cent loaf was emphasized as a reason for its discontinuance. Saving in manufacture, improvement in quality and standardization are urged in favor of the 10-cent loaf.

It is also recommended that where local conditions make it necessary, the smaller loaf be maintained, with a price consistent with cost of manufacture.

"The bakers, the housewife and the retailer will all benefit in the end by the 10-cent loaf," prominent bakers declared.

# MOTORISTS RAGE AS GAS LOWERS IN EAST BUT NOT IN CALIF.

LOS ANGELES, Sept. 9.—Motorists of Southern California are watching with impatience the frequent reductions recently made in the price of gasoline in New York and Mid-Continent territory, while the price of gasoline in Los Angeles and central points in California generally remains at 19 cents.

Automobilists and other consumers of gasoline in large quantities have been confidently expecting a reduction in price here to follow the Eastern and Middle West reductions, but they have waited in vain.

Expressions of indignation are heard everywhere among the users of gasoline that in California, where the bulk of consumption is so near to the vast oil fields of the state, causes which are leading to cheaper gasoline on the other side of the continent, have not been permitted to operate here.

### REPRODUCTION TITANIC DISASTER AT PRINCESS

Klein's "Titanic Disaster" will be the feature on the new bill at the Princess Theater Tuesday, Wednesday and Thursday, September 12, 13 and 14. Several survivors of the world's tragic marine disaster who have seen the production, are quoted as saying that the detail worked in by Mr. Klein has much mechanical merit. As a vaudeville feature it is unique. All ideas to the contrary, this mechanical panorama in three scenes does not have a depressing effect one might be led to expect from such a subject, for, save during the last two minutes, the spectator is carried away by the realistic seascapes and animated review of shipping displayed for his delectation amid characteristic and true to life surround-

ings. It is more than a huge mechanical toy. It is reported that it is a masterpiece of painter's art and mechanical genius.

### TEMPLE FEATURES ALICE BRADY SUNDAY NIGHT

Alice Brady, in New England story, "Miss Petticoats," a motion picture production based on Dwight Tilton's celebrated book of the same name, dealing with life in the whaling city of New Bedford, a pretty young mill girl stops a runaway, is adopted by a wealthy woman—shunned by the town's society—but finally wins the man of her heart, scenarioized and directed by Harley Knoles, will be the attraction at the Temple Theater on Sunday night.

### MARIE DORO AT WEST END MON. AND TUES.

"Common Ground," a Jesse L. Lasky production, has been selected as the title for the second photoplay in which the dramatic artist, Marie Doro, will be seen at the West End Theater on Monday, Tuesday and Wednesday.

In this drama of social and political atmosphere, written for Marie Doro by Marian Fairfax, Miss Doro will be seen as "The Kid," a production of the slums, employed as an expert "slipper-on" in an artificial flower factory. How love develops her, both mentally and spiritually—how she eventually blossoms forth as a beautiful young woman, is the central theme of the picture.

### CANADIAN NORTH STORY TEMPLE, MIDDLE WEEK

The latest Vitaphone photogram, "Fathers of Men," by James Oliver Curwood, will be the attraction at the Temple Theater Monday, Tuesday and Wednesday, September 11, 12, 13.

The story takes place in the Canadian North. Blake induces Jeanne, wife of Howland, to run away with him. Howland vows vengeance. Twenty-two years later Howland is lieutenant of the Royal Police and Bob, his son, is a member of the force. Blake then appears on the scene with his three sons. Still revengeful, Howland has Blake arrested on suspicion of murder. Though innocent, he is convicted. The Blake boys kill Howland. Bob and two other troopers start after them. The fugitives separate and each pursues his own path. Bob follows David, but becomes exhausted. David rescues him and they join forces to help an elderly woman and two girls who are lost. They spend the night at the cabin of some dishonest trappers who try to attack the women. A fight ensues in which the trappers are defeated. It is then discovered that the elderly woman is Jeanne, Bob's mother. The story ends with the friendship of the Blakes and Bob.

"Cunning," the Mystery Man who appears at Clune's Monday and Tuesday.

### 'WHAT WILL PEOPLE SAY?' CLUNE'S SUNDAY

Tomorrow Clune's will feature "What Will People Say?" a five-part feature picture produced by the Popular Plays and Players for release on the Metro program, in which Mme. Petrova, the Russian emotional actress, stars. This feature is an adaptation from the popular novel by Rupert Hughes, one of the foremost dramatists, novelists and short story writers in this country.

Mme. Petrova is now appearing in "The Revolt," one of the season's stage successes, and at the conclusion of her present tour, will devote herself exclusively to the making of Metro photoplays.

### MARK TWAIN'S NOVEL 'PRINCE AND PAUPER'

"The Prince and the Pauper," a dramatization of Mark Twain's masterpiece, comes to the West End tomorrow, Sunday. Manager Schlesinger announces that the feature will remain but one day.

In this production the dainty little Marguerite Clark plays both Prince and Pauper.

### VAUDEVILLE PLEASURES

Mack and Williams, dancing and change artists, carry off the vaudeville honors of the bill at the Temple Theater, the applause they receive amply attesting their popularity. The male member of the team is one of the most proficient clog dancers seen here in a long time. With his partner he does a stairway dance of exceeding difficulty, yet with every appearance of ease and finish.

Harry Lancaster pleases with Scotch stories and songs.

**MANAGEMENT  
CHANGES AT  
CLUNES**

A change took place at Clune's Theater today when Manager McKinney turned over the reins of "Boss" to Frank A. Lacey. The latter becomes the personal representative of the Clune Amusement Company of Los Angeles.

Lacey is an old-time theatrical man, and has been connected with some of the big amusement enterprises of Portland, Seattle and San Francisco. He is also responsible for the electric self-wheeling chair idea, inaugurated at the Panama-Pacific International Exposition.

**Plans New Features**

The plans of Mr. Lacey are as yet incomplete. But the hustling little manager proposes to give Santa Ana audiences some startling treats in the way of new productions, new ideas and change of bills. He will bring with him and incorporate into Clune programs all that he has learned as an amusement manager.

**WAR SCARCITY IN  
CYANIDE NOT  
FELT HERE**

According to an interview given out recently by Horticultural Commissioner Sharpe of Riverside county, the war is affecting citrus growers by reason of the difficulty of securing cyanide of sodium for fumigation purposes. He stated that the chemical was being shipped in dribbles, and only enough coming to keep the fumigators going from hand to mouth.

According to Horticultural Commissioner Roy K. Bishop of Orange county, there has been no appreciable shortage in this section. "So far as I know, all the outfits in this county are going," said Mr. Bishop today. "The county has no outfit going at present. It may be that the supply of cyanide is not so large as it was before the war, but the gangs have enough to keep going, and that is all that is necessary. The price of cyanide has gone up decidedly, but fumigators are charging very little more than formerly to the growers."

"There are two causes for the shortage," said Commissioner Sharpe of Riverside. "One is the fact that the whole industry had to be re-established after the war broke out; the other is the demand for skilled chemists on the part of the munitions makers, which has made it difficult for the cyanide men to get the sort of help they need."

"Prior to the war practically the entire output was produced by a German concern with a branch in this country. Two American plants were established, one at Perth Amboy, N. J., and the other at Niagara Falls, as soon as the field was cleared, and these promise that there will be no serious shortage. Thus far they have kept their word, and there is every reason to believe they will make good their claim that as soon as the labor market eases up, any quantity required will be put on the market."

**ANAHEIM PARTY IS  
BACK FROM THE EAST**

ANAHEIM, Sept. 9.—Mr. and Mrs. Chas. Eggabroad and Mr. and Mrs. A. C. Hargrave returned Wednesday evening at 6 o'clock from their tour of the East.

During the entire trip no trouble was experienced with the engine, and but little tire trouble was had. In all 8,563 miles were traveled. The average number of miles traveled a day during the driving time was 228. The average number of miles to the gallon of gasoline was 14.13.

The route lay over the Santa Fe trail. The first night was spent at the Petrified Forest in Arizona. The itinerary led them through Kansas, Chicago, Pittsburg, the battlefield at Gettysburg, Washington, D. C., Philadelphia, New York, Boston, New Hampshire, Buffalo, Niagara Falls, Detroit, Milwaukee, Wisconsin, South Dakota, Yellowstone Park.

Muddy roads were found in South Dakota. As they reached Salt Lake City they were greeted by Frank Champion, formerly of Anaheim, and were his guests during their stay in that city.

They came back over a portion of the Lincoln Highway, and back through the Mojave desert. All stood the trip well and declare they had a grand time.

**SAN DIEGO CAT SHOW  
DATED FOR NOV. 21-23**

SAN DIEGO, Sept. 9.—Cats with copper-colored eyes, the only ones in the world, black cats that have won world championships and finely bred cats valued at \$100 when only four weeks old will be represented in the entries of Mrs. Langley Porter, prominent San Francisco club woman, who has announced her intention of exhibiting at the exposition's big cat show, November 21, 22 and 23. Mrs. Porter's cats won every class in which they were entered at the San Francisco exposition cat show. Mrs. Porter expects to bring almost a dozen to San Diego.

THAT TENNANT IS  
NOW IN HONDURAS**

LOS ANGELES, Sept. 9.—J. K. Tennant, who, with Harry Z. Adams of Orange, was indicted by the federal grand jury for conspiring in a scheme to defraud through the use of the mails, in connection with the affairs of the Western Underwriting & Mortgage Company and who has been a fugitive from justice, has been located in Honduras, according to information received at the office of United States District Attorney Schoonover. His bond of \$10,000 was declared forfeited by Judge Trippett. In Honduras he is immune from arrest, for the treaty between the United States and that country does not cover such crimes as conspiracy.

Adams maintains that he was not on the inside of the affairs of the company, and it is generally conceded that Tennant is the man largely responsible for the company's activities.

**ALL QUESTIONS  
ANSWERED BY  
CUNNING**

The Clune program for September 11 and 12 will contain a bit of vaudeville out of the ordinary. Cuning, who is termed the man of "Modern Miracles," will make his appearance and answer all the questions close to your heart. Yes—who you are going to marry; where you can find that dime you lost six months ago; what your husband did with the 50 cents you allowed him to keep out of his pay last week, etc.

But that isn't all. Among other things, this "cunning" individual shows you the world's masterpieces in art. That is, he "calls them forth"—spirit paintings, as it were. Of course, we don't know anything about how he does these things. It is mystery, all mystery. But stop worrying at once about that perplexing, elusive problem close to your heart. Just "ask Cuning—he knows."

This Famous Players star in Paramount Pictures who is now known as the "Finnegan of Motion Pictures," left the "Follies" some months ago temporarily, leaving the stage to make a Famous Players production. Now she is back again in the new "Follies." Next week she will be off again, working in the afternoon in the Famous Players studio making a picture and in the evening dancing to her heart's content before the footlights. It is no wonder that she is called "Finnegan of the Motion Pictures."

## HEALTH ABOVE ALL

What profiteth a man that he gain the whole world yet lose his health? Naturalists say that long ago the prehistoric waters were infested with a species of enormous shark which finally became extinct by reason of the workings of its voracious appetite. Thus Nature eliminates the over-fed.

The desire for ease of life and plentiful diet is universal and is the great stimulus of man and animals alike. When man becomes greedy and takes more ease and food and drink than is his share, Nature discards him.

In the race for power and place, for ease of circumstance and relief from the stimulus of hunger, the modern man is apt to forget that unless he is careful of his body he will soon be made to suffer for the infraction of Nature's inexorable physical law. With the loss in body tone comes an equal loss in mental acuity and the brain which for a time was able to operate despite the complaints of an over-fed, over-exercised, self-poisoned body, stops working.

Statisticians have discovered that the mortality rate of persons in the United States over 45 years of age is increasing. The strenuous life of today is not alone responsible for this. Lack of health-giving exercise, superfluity of diet, lack of restoring sleep, overstimulation, the high pressure of the race for power, wealth and position, plus physical neglect—these bring early decay. The goal is reached—wealth is amassed—honor, position and power are just being grasped—when the apple of accomplishment turns to the ashes of dissolution. The brilliant mind becomes clouded, the steady hand is no longer accurate, the eye which once gazed fearlessly on the whole world is dimmed and it is not long before the final break-up occurs.

According to the highest medical authority, including the United States Public Health Service, all of this was entirely preventable.

Other things being equal it is the man who leads the well-balanced life who lasts the longest, whose work to the end is uniformly the best, he who neither over-works, nor over-plays, neither over-eats, over-drinks, nor over-sleeps, he who maintains a standard of simple healthy diet in moderation, who offsets mental work with physical recreation, who is as honest with his own body as he is with his own business. When success comes to such an one his physical and mental condition is such that he can enjoy in peace of mind and contentment of body the fruits of his labors.

The regulations of the U. S. Public Health Service state: "It is the duty of officers to maintain their physical as well as their professional fitness. To this end they shall be allowed time for recreation and study when ever their official duties will permit." If the Government regards it as essential that its sanitary experts shall be safeguarded in this way, is it not equally important to every citizen that he similarly maintain a high standard of physical integrity?

## YEARLY INCREASE IN AVERAGE LIFE SHOWN AMONG CALIFORNIANS

SACRAMENTO, Sept. 9.—Each year that passes finds residents of California attaining a greater average age and living longer, according to the State Board of Health, which says that "California decedents are older every year." In a published report the board says that in 1915 the average age of decedents in the state was 51.8 years, which is considerably above the average of the last few years.

## Foreign Lemon Growers Solid For Wilson

Frank O. Lowden, Republican candidate for governor of Illinois, has unlearned something which ought to influence every citrus grower in the state of California to vote solidly Republican at the primaries this month and at the November election, and to get out and turn toward the Republican ballot every weakkneed voter in the state.

In a recent campaign address Mr. Lowden held up a photograph and said:

"This photograph is of the wrapping of a lemon that came from Palermo, Italy, and every lemon in the shipment had a similar wrapping. Notice what is printed on that paper wrapper and then consider what it means.

Democracy—Woodrow Wilson (there is an alleged picture of President Wilson)—non plus ultra—Carrini Lemons—Italy.

"In other words," said he, "the lemon shippers of Italy, who compete with our own growers of California and Florida, are advocating the re-election of President Wilson. They have turned their lemon wrappers into campaign documents and every buyer is urged to 'forward the Democrat, Woodrow Wilson.'

"To anyone acquainted with the Underwood tariff law on the statute books by Democratic enactment under President Wilson's administration, the reason for this Italian activity in our politics is plain. The hands across the sea campaigning is because of the Underwood tariff, lemons are admitted to this country at a cent a pound less than before. The profit in the difference goes chiefly to the shippers and they want to keep the money.

"This incident well illustrates the political situation. Europe has profited by the Democratic tariff law which denies protection to American manufacturers and growers. Europe will profit vastly more when this war is ended and the product of its cheap labor comes into competition with our product, made by workmen earning wages two or three times as much.

"Thanks to the war our manufacturers and farmers have been

## AN ARGUMENT AFFIRMATIVE OF THE SEVENTH DAY AS THE CHRISTIAN SABBATH

It was my privilege not long ago to listen to a sermon on the Fourth Commandment. The speaker said the commandments are as binding on us today as they were on the day they were given. I was somewhat surprised to hear such a statement from one not observing the commandment himself.

He first read Gen. 2:1-3, to show that the Sabbath was made in the beginning. He read Ex. 16:21-26, to show it was still binding in the days of Moses. Then, coming to the New Testament, he read Matt. 5:17-19, showing that Christ came not to destroy the law or the prophets but to fulfill: the 19th verse reads: "Whoever, therefore, shall break one of these least commandments and shall teach men so, he shall be called the least in the Kingdom of Heaven; but whosoever shall do and teach them, the same shall be called great in the Kingdom of Heaven."

The speaker said the Sabbath was not Jewish, as it was made 2000 years before Abraham and was made—for man, not for the Jew—and was made as much for us today as for the men of that day. He did not give a single reference to show that the Sabbath had been changed.

It is surprising strange that men will, in this enlightened age, hold to the traditions and customs of by-gone ages, contrary to the plain statements of God's word, and the testimony of learned and eminent scholars, trusting that there are some honest hearts longing to know the truth and will lay aside prejudice and carefully, yea, prayerfully, seek to know for themselves what God says to them. I submit to your careful perusal the following.

In the New Testament, covering a period of ninety-eight years, the Sabbath, or seventh day of the week, is mentioned fifty-nine times as a day of worship. Hence it is more prominent than in the Old Testament, where it is mentioned but seventy-seven times in a record covering a period of 4000 years. The speaker read Rev. 1:10: "John was in the spirit on the Lord's day." He said undoubtedly this was the first day of the week; but does the verse read that way? Let us see. Christ declares Himself to be the Lord of the Sabbath, or seventh day, not the first; Mark 2:28. Therefore the Lord's day is none other than the Sabbath or seventh day of the week. Christ is Lord of the Sabbath; Isa. 58:13. The Sabbath was made for man; not to be used as he will, but as a day upon which it is his privilege and duty to lay aside his worldly business and care, devote himself wholly to the things of God and enjoy uninterrupted communion and fellowship with his Creator. The Sabbath was made, Mark 2:27; Christ was the ac-

profitably active, but after the war we will face a serious situation—unless a Republican congress and administration is placed in power to bulwark our prosperity."

**Weather Did It**  
It has long been known that the Democratic administration has injured the citrus industry by revising the tariff downward and growers most certainly know by this time that the excellent prices which have been received for oranges and lemons during the past year have been due to short crops, careful marketing, Mediterranean sea blockades and extremely hot weather.

No tariff conditions could have caused lemons to go up from \$6.00 to \$9.00 per box in the past two months, but a good stiff tariff would have kept out foreign fruit and caused a big demand for California citrus products, which might have held the prices up at a good stiff average, but the fact that the war involved Italy is what helped most—the blockade of the Mediterranean kept Italy and Sicily from shipping oranges and lemons to this country and the hot weather in the middle and eastern states caused an abnormal demand for lemons, because there was a short crop here and no Italian crop in the eastern markets. That's what made citrus prices so good this season—it wasn't the result or effect of the present tariff laws. It might be classified as pure bunk.

**"Saves Da Mon"**  
The Italians love the Democrats for cutting the tariff so that Italian growers can pocket from 50 to 75 cents more per box of fruit than they could pocket under the Republican administration. The Republicans kept the tariff up to protect the California grower. The idea was to either discourage the foreign shippers or else make them pay a tariff which would cost them at least 50 cents a box more than it is costing them today. Such tariff has raised the price of fruit and made it compete with California prices—and when it is placed anywhere near California citrus in price it does not sell readily, for its size, and quality are away below par.—Exchange.

divine agent through whom the Father made all things; He, therefore, being the Creator, was also the One who rested upon, blessed, sanctified and hallowed the Sabbath day; being made by Him and kept by Him it is the Christian Sabbath; Acts 13:14, 15, 42, 44; 16:13; 17:2; 18:1, 4, 11. These scriptures establish the fact that the apostles regarded the seventh day as holy time and uniformly devoted it to sacred purposes. By comparing the texts last referred to, we learn that Paul came to Corinth and abode there a year and six months, and during that time he devoted every Sabbath to the preaching of the gospel.

The evidence is overwhelming; and yet the majority of those who profess to be followers of the Bible only in their religious practice pass by these stupendous facts, and seek to justify the religious observance of the first day of the week by the one and only recorded instance of a meeting being held on that day by the apostles. Had the apostles known of any change having been made in the day of rest, they would surely have set a corresponding example for others to follow, and would also have taken advantage of the opportunity to instruct both their converts and all their hearers concerning a matter of such importance; but regarding any such change, they are absolutely silent; yet Paul affirms that he kept back nothing that was profitable unto them; Acts 20:20. From the beginning to the end of the scripture, there is not a single passage that warrants the transfer of weekly public worship from the last day of the week to the first; thus Sunday observance is an inconsistent adjunct of the Protestant faith and utterly out of keeping with its fundamental principles.

SAN FRANCISCO, Sept. 9.—Secretary of the Treasury McAdoo will not be in San Francisco with the Federal Farm Loan Board, it was learned today. The plan to join the board after he was called east by his wife's illness has been changed. The board is holding hearings in Sacramento on the advisability of establishing a farm loan bank in California.

## BUILDER OF TOWN FOR WIDOWS FINISHES ONE FOR WORKING GIRLS

TULSA, Okla., Sept. 9.—Charles Page, multi-millionaire oil magnate and the man who built a town—Sand Springs—exclusively for widows and orphans, today completed a tent city near here for working girls and provided a free railroad on which to get them to and from it every day.

Page built Sand Springs and gathered widows and orphans from throughout the country to populate it because he decided, when he was a poor boy, trying to make a living for his widowed mother, that if he ever got rich he would do just that. He built the tent city because he thought living in houses in the summer time unhealthy for working girls.

## With Malice Toward None

By Henry James

**A Great Leaven**  
Despite conflicting reports, there is a certainty that millions of men are now prisoners of war in Europe.

Where the soldiers of the opposing forces have had a chance to meet as men rather than as frenzied beasts, they have been surprised to find that the mutual impulse was towards friendliness.

Prisoners of war are not killed. On the contrary they are treated so well that many of them are mighty glad of the chance to be prisoners. Their consciences are easy, for they have done the best they could, and they are outside the battle zone, which helps a little in promoting good cheer.

It would be singular if this overlapping of nations through the presence in each belligerent country of representatives of the enemy, yet amenable and pacific, would be a great influence in spreading the doctrine that war is wrong and foolish, and the divine right of a king to kick up ructions, simply an imbecile notion of his own.

**Eating the Iguana**  
Some traveler has been extolling the edible quality of iguana meat. Perhaps it is good meat. Nevertheless he is welcome to my share, for the fact that the apostles regarded the seventh day as holy time and uniformly devoted it to sacred purposes. By comparing the texts last referred to, we learn that Paul came to Corinth and abode there a year and six months, and during that time he devoted every Sabbath to the preaching of the gospel.

The evidence is overwhelming; and yet the majority of those who profess to be followers of the Bible only in their religious practice pass by these stupendous facts, and seek to justify the religious observance of the first day of the week by the one and only recorded instance of a meeting being held on that day by the apostles. **Wasting Paper**  
Americans are called wasteful because they are wasteful. There's paper, for instance.  
Paper is going up in price so that publishers feel it keenly, and even the retail purchaser of stationery notices the difference.  
At the same time in almost every city tons of paper are burned every day. Shiftless, I call it.

**Cheaper Than Merely Free**  
"This is free verse," the poet said, and tendered then a bale of stuff.  
"That's cheap," the editor replied, "but I don't think it cheap enough."  
The upshot of the talk was this: The poet paid so much per line.  
"I can't permit the world," he said, "to miss these glowing gems of mine."

**Aldermanic Wisdom**  
A tender-hearted citizen of Los Angeles, and it might have been of another place as well, picked up a starving kitten from the street, and, taking it home, treated it to milk. He had no place to keep the little creature, and telephoned to the city hall to have the pound authorities sent up for it.

They told him so much per line, but if he killed the kitten, the city would remove the remains for \$125. He could bury it on his premises, but it caught doing this would be fined \$25.

There was left to him the alternative of turning the stray out, and resting under his own condemnation as a brute.

**Pleanty of Food**  
Some authorities declare that Germany has enough food for a year.  
While this is an interesting statement, standing all by itself, it seems insufficient excuse for prolonging the war.

**Substitutes**  
A substitute for cotton is said to have been discovered.  
War is a great inspiration to inventive genius. During our own Civil war, substitutes were found for coffee and flour, but they sort of faded away after peace had been declared.

**Beer Hounds**  
Des Moines is training hounds to follow the trail of the boot-legger.  
My knowledge of Des Moines thirst leads me to believe that when the hounds begin to work a lot of citizens will be found trailing the pack.

## DINNER CHATS WITH WALNUT GROWERS

(By J. G. Berneike, M. D.)

Walnut harvesting has begun in earnest and while it begins two weeks earlier than common it is likely to end a month earlier than usual. If indications in my own orchard hold good in others, then the pickers will find no trouble in hulling walnuts, as they shell out easily. And the output of culls promises to be quite small compared with last year, and no grower will regret that fact. Of course, our walnut crop is rather light, taking it on the average, yet there are some growers who look for as large a crop as they had last year, while others have not more than half.

The blight caused considerable dropping early in the season, yet there was a remarkable difference among trees, some being affected severely while others close by had but very little blight. And we may well be thankful that we were spared the aphid pest. This fact together with the favorable growing season and an early harvest which precludes further damage (unless unseasonable rains should come), gives us the finest quality of nuts we have had for a long time.

The codling moth, too, seems to have done little harm this year. Some late arrivals may be found working in the hull but the shell has not been penetrated. While they leave a black spot on the shell it is likely that bleaching will remove this, whereas the bleaching process will not remove black spots caused by blight. While there were no perforated shells last year, there seem to be some this year. This class of culls generally has good white meats.

If the harvest season proves to be as short as looks now probable, it means a short and brisk campaign for the packing houses with lessened overhead expense, which should favor the grower. It also means the possibility of an early winter cover crop. The grower has a large choice as to what he would use, and he who is in need of feed for his stock should consider the advisability of planting one that will make an early and quick growth which may be cut green for feed or dried for hay later on to help out while feed is high priced as it is now. Is this good farming practice? Each grower must decide it for himself.

To quote my experience: Last winter I sowed barley among walnuts and apricots interest. When it became evident that the apricot crop would be a failure I found that I had at least some feed for my stock, and by turning under the stubble and returning the manure to the land I feel that I have not robbed, but have improved, the soil. It is now generally believed that the leguminous plants are the best for improving the soil and feeding the trees. However, nothing in nature's laboratory is to be despised even the weeds are useful. What is a weed? A plant out of place. What is considered a weed in one place is a cultivated crop in another. Tobacco is a weed, and in my opinion would be more useful as a source of poverty.

## SANTA MONICA SCHOOL HEAD'S ACT PRUDISH, ABSURD, SAYS OFFICIAL

SACRAMENTO, Sept. 9.—"Prudish and absurd," was State High School Commissioner Will C. Wood's comment on the action of Horace M. Rebok, superintendent of the Santa Monica schools in ordering the picture of the undraped "Discus Thrower" statue of Myron torn from the new state sixth reader before distributing them among the pupils of his school. The picture occupied the frontispiece of the book. It is a reproduction of the familiar statue of the discus thrower, sans clothing. It annoyed Rebok, who contends that the nude has a place in art but not in the classroom of a public school.

Rebok has also written to Superintendent of State Schools Hyatt protesting against the use of the picture. Hyatt will turn Rebok's letter over to the State Board of Education without a word of comment.

Commissioner Wood sees nothing objectionable in the picture, asserting that it stands as high in the world of art as the famous statue of the Venus de Milo and even the most exacting parents and teachers cannot shy at Venus.

Le Roy Armstrong, author of the new reader, remarks that "the agitation of the bathing suit question in Santa Monica must have destroyed Mr. Rebok's perspective."

Rebok, however, in the letter to Hyatt takes particular occasion to say he is not a prude and would go as far as Hyatt or the State Board of Education to see a barefoot dance by women. But he is terribly disturbed about the eternal destiny of the school children.

## PLAN TO MOVE HARRY SPANNELL IN SECRET TO JAIL AT ALPINE

EL PASO, Sept. 9.—Preparations were being made today to remove Harry Spannell secretly from the jail here to Alpine, Texas, where he is to be placed on trial next week for killing his wife and Major M. C. Butler, an army officer, while the three rode in an automobile.

**FIRE ALARM BOXES IN MINNEAPOLIS 'BATTLE' ZONE ARE TAKEN AWAY**

MINNEAPOLIS, Sept. 9.—Fire alarm boxes were removed from a portion of the foreign districts here today because the men fight such a lot and scare the women so badly that they turned to the boxes as the first official instrument with which to summon help.

cover crop to feed the soil than it is to be smoked in pipes or as cigars. Melilotus, which is now quite popular as a cover crop, was considered a weed and a nuisance a few years ago. At Lompoc they raise acres of mustard, but the orchardist in Orange county who uses it as a cover crop is still a novelty. And yet we can hardly imagine a better cover crop than mustard or wild turnip. They make an immense growth, their tap penetrates the soil so deeply that especially for adobe and hardpan it should prove a blessing. And what of the beet and other root crops? Any of them will furnish humus, change the physical condition of the soil for the better, do better subsoling than the subsoil plow can do. To be sure they are not known to be nitrogen gatherers, but under certain conditions of the soil may prove more valuable. While we find rotation of crops recommended it is well to consider rotation of cover crops also. When we first sowed vetches nearly every one who did not turn them under too early got a good stand. In a few years the aphids proved too much for them. Rotation with some other cover crop will starve the aphids. And now, going back to my experience of feeding my last winter's cover crop, I find my trees have not suffered as their appearance and the crop shows. I estimate the crop to be as much or nearly as much as last year with a small percentage of culls. There is but very little sunburn visible anywhere.

The competition for culls will be quite keen as between local buyers and Los Angeles peddlers, which promises to make hard sledding for the newly established cracking plant of the association, especially in view of the fact that such an enormous sum was paid for the cracking machine. Said one who has had many years of experience in the business: "I would have invested a few dollars in hammers and not \$900 in a nut-cracker." Several members have asked the writer if all the association members will have to pay for it, or only those who deliver their culls.

The answer is clearly made in the secretary's circular to the members. The cracking department bears its own expenses, as, of course, it should do, and only its patrons will pay for its equipment. It is therefore to be considered an experiment, as much so as was the cracking plant in Los Angeles last year. Since it is entirely optional with the members to deliver their culls to the association plant, there will probably be many who will want the other fellow to try out the experiment first. And if the loyalty of our members this year to our local plant does not exceed the loyalty shown last year to the association plant in Los Angeles, it will amount to about 20 per cent, which, in view of the small output of culls, will hardly keep the plant going.

A little consultation with men of experience would have made a great difference in the state of things.

Villa Park Association Has a Larger Acreage This Year Than Last Year

VILLA PARK, Sept. 9.—The annual meeting of the Orange County Vegetable Growers' Association, which handles the winter vegetables grown upon a large acreage in the Villa Park and Olive sections, brought forth reports of an increased acreage and prospects for a splendid season, both in prices and output.

The Bixby Development Company has come into the association with a big acreage of bell peppers and eggplants.

S. D. Yoder of Anaheim was elected secretary and manager for the season. The directors chosen were, William Poppewell, C. A. Thomson, George Wood, C. A. Palmer and John Allen.

## FAMED GERMAN COFFEE HOUSES THREATENED BECAUSE OF BLOCKADE

AMSTERDAM, Sept. 9.—Although it is not admitted in Germany, the famous old German coffee house, the popular resort of the masses, is about to go out of business until after the war.

There's a reason. Germany is about out of coffee.

For the last two years the Germans have used reserve supplies of coffee stored in Hamburg and Bremen. Antwerp's supply augmented this when it fell to the Germans in 1914. There since has been a little from Holland and Scandinavia.

Today, however, the British have so effectively stopped shipments to ports re-shipping to Germany that none is available therefrom. Germany is brewing the last of her precious berries.

Before the war Germany imported about \$55,000,000 worth of coffee a year, mostly from Brazil and Guatemala.

Persons susceptible to hay fever should avoid renting or buying property in a neighborhood with neglected grass and weeds. This practice would probably be of effective assistance in correcting such neglect.

Hay fever sufferers should avoid unnecessary exposure to pollen. Roads passing near sections full of grass and weeds while in bloom, are usually full of pollen which is inhaled with the dust. An hour of pleasant driving may therefore result in a night of suffering.

Constitutional conditions have been found to have little influence except as a predisposing cause. The real cause of hay fever is the inhalation of pollen, and the avoidance of this means no hay fever.

The prevention of hay fever is fundamentally a simple proposition. It means the enactment and enforcement of an ordinance to cut grass and weeds. The efficacy of this has been shown in New Orleans, La., Asheville, N. C., and a number of other cities where hay fever is on the disappearing list. Another year should see similar effects in the majority of towns and cities.—W. Scheppegrell, M. D., President, American Hay Fever Prevention Association.

## CORDIAL WELCOME

### Members of Unitarian Church Give Reception In Honor Of New Pastor

A reception was given at the Unitarian church last evening in honor of the new pastor, Rev. N. A. Baker and wife. There was a large attendance, and the newcomers were given a hearty and cordial welcome, not only by members of the congregation, but by ministers and laymen from other churches.

After an inspiring invocation by Mrs. Cornelia R. Gates of Anaheim, a well rendered piano duet by the Misses Myrth Law and Helen Haskin and a few words of welcome on behalf of the Unitarian Society by the president of the board of directors, some of the visitors were called on for remarks.

Rev. Chase spoke with appreciation of the work of the Unitarian church in the past as a liberalizing influence and emphasized the need of continuing the work. Rev. West brought out clearly the importance of the highest, namely, the spiritual force in life. Rev. Schrock in a somewhat humorous strain laid stress on the importance of a feeling of neighborliness. Professor Crausson mentioned some of the problems common to the churches and the schools and urged cooperation of ministers and teachers.

Mr. McMath said he had never been in a city with so many churches. In a few well-chosen words, Rev. Baker showed his appreciation of these hearty greetings. He cordially invited all to his home, stating that the doors would be open early and late.

Mrs. Imogene Rief sang "I Hear You Calling Me," by Charles Marshall, in her usual pleasing way. Ernest Crozier Phillips read two short poems by Rudinard Tagore and one "Life" by Edward Rowland Hill.

After the benediction by Rev. Baker, refreshments and a social hour were enjoyed.

#### Tea by Daughters of Veterans

The tea held by the Daughters of Veterans at the home of Miss Bertha Belt at Berrydale was a most pleasing success.

Pink and yellow roses were used to decorate the pleasant country home.

The presence of the mother and sister of the hostess added to the pleasure of the guests. Mrs. Walter Sutton assisted Miss Belt in serving delicious refreshments.

Those present were Mrs. W. E. Ward, Mrs. W. H. Thomas, Mrs. E. A. Bell, Mrs. Cood Adams, Mrs. Glover, Mrs. Livenspire, Mrs. Caroline Adams, Mrs. Paul Stephens, Mrs. J. T. Wilson, Miss Kate Parkell, Miss Edith Ward, Mrs. Walter Sutton.

#### Firemen See Wedding

A number of members of the fire department engineered a wedding this afternoon. About noon they saw a good-looking couple—at least, the girl was good looking—in search of the county clerk or a deputy. The firemen offered to see that the couple got the license and further they would provide City Recorder Heathman to perform the ceremony, which the firemen said, could be held in the clubroom at the fire hall. The firemen made good on their plan. The license was issued and the wedding took place as scheduled. The license was issued to Glenn E. Haskell, 21, and Mary N. Krueger, 21, both of Pasadena.

## JOINT MEETING

### W. C. T. U. Unions Will Hold All-Day Session Next Tuesday

The Santa Ana and Belle Rogers Unions of the W. C. T. U. will hold an all-day meeting Tuesday, September 12, at the home of Dr. Gordon, 402 Cypress avenue, corner of Chestnut street, beginning at 10 a. m. Ladies are asked to take well-filled lunch baskets, so there may be plenty for the noonday luncheon which will be served on tables out doors under the trees.

At the morning session there will be devotionals led by Mrs. Geo. Hell, singing by ladies' quartet, reports of secretary and president of the Belle Rogers Union, vocal solo by Mrs. Biggs, history of the prize flags by the county president, Mrs. Belle Rogers; prize recitation by Miss Eva Culver, speaking by Rev. A. T. O'Rear on the campaign outlook.

At 1:30 the afternoon session will open for the transaction of business. At 2 o'clock devotionals will be led by Mrs. Stevenson followed by singing by the ladies' quartet. Mrs. Rogers and nine pupils will conduct a campaign school as given at the state convention last spring in San Diego. A medal contest prize recitation will follow. Dr. A. T. Ishkanian will give a talk on the Armenians and their persecutions, with interesting personal experiences. The Young Campaigners will give a demonstration of their songs and rally cries.

This outline of program is subject to change if necessary, but the day will be full of good things for the mental and spiritual uplift of all who attend.

## SKIDDED ON HIGHWAY; HIT TELEPHONE POLE

Mr. and Mrs. Charles D. Smith of Fullerton escaped without a scratch when the roadster in which they were riding crashed into a telephone pole on the state highway between here and Anaheim late yesterday afternoon.

Mrs. Smith was at the wheel and lost control of the machine when it skidded on the pavement. She was driving slowly and cannot account for the accident.

The accident happened immediately in front of El Tiro, a new residence just this side of the substitution of the Edison Electric Company.

The occupants of the machine were not unscathed.

The front end of the car was badly damaged.

## PENNSYLVANIAN BUYS FINE ORANGE GROVE

Harry Wilson of Pennsylvania, a nephew of J. Dick Wilson of 630 South Birch street, has purchased a ten-acre Valencia orange grove on Yorba street, Tustin, from A. E. Bennett. The grove is said to be one of the finest in that section. The purchase price is not stated, but is reported to have been in the neighborhood of \$25,000. The deal was made through the agency of J. R. Paine. Mr. Wilson expects to come to Santa Ana to make his home, but does not contemplate building on the ranch at present.

## MAY RECRUIT HERE TO INCREASE ROLL CO. L AT NOGALES

The Santa Ana Chamber of Commerce has received a request from Lieutenant Colonel Borcer, acting adjutant general of the state, asking that arrangements be made for the Chamber of Commerce to examine prospective recruits for Company L of Santa Ana, now in Nogales. Borcer states that most of the companies have had their numbers depleted through physical disqualifications and through exemptions, and it is feared that when some of the companies return they will have so few members that they may have to be mustered out of the California National Guard.

"I will take the matter up with the directors," said Secretary J. C. Metzgar, "and will also try to find out just what danger Company L may be in, and will act accordingly. We certainly do not want Company L mustered out."

# CONTEST STANDING BARED; LARUE FIPPS IS LEADING

## SPECIAL PRIZES IN CASH, VOTES BONUS ARE UP

### Auxiliary Offers For Hustling Candidates Made For Next Week

Here is the standing of the candidates—the ballot box was turned up side down for the first time at noon today—thousands of votes poured out for the half hundred or more popular candidates. They were carefully counted by the contest editor and the candidates are today given credit in the paper for whatever votes have been polled in their favor since the beginning of the contest.

Now, candidates, crack the whip! Here's your chance!

Do your best, the very best that is in you. Gather in your promises. Look over your memorandum book in which you have written names of persons who told you they would give their subscriptions later on.

So far nobody has any great advantage over anybody else. The name at the bottom of the list today may be at the top tomorrow or next day.

### BIG VOTE BONUS AND CASH PRIZES FOR LARGEST NUMBER NEW YEARLY SUBSCRIPTIONS

For the largest number of NEW yearly subscriptions turned in between now and next Saturday night at 6 p. m. we will give a bonus of 100,000 votes and a cash honorarium of \$10,000; for the second largest number of the same, 50,000 votes and \$5 in cash; for the third largest number of the same, 25,000 votes and \$2.50 in cash.

A subscription for two years will count as two yearly subscriptions, for three years as three yearly subscriptions and so on up to five years.

Now, you contestants who are a little behind in the race, here's your chance to forge ahead, and at the same time get a cash reward. Those who started a little ahead of you perhaps have secured subscriptions from most of their friends, while you have many of your friends yet to see. Of course those who are now ahead may, by redoubling their efforts, secure the bonus votes and cash; but this offer looks to the Contest Manager like a mighty good chance for those who are a little shy on votes to get right to the front and maybe take the lead.

### The Big Vote Days

The contest editor does not say what will be doing in votes after September 16th, but this bonus in votes will be changed and it will be surprisingly lower than it is now. Vote values will never be higher; this, the Register promises you.

These are the BIG VOTE DAYS. Just think of it, 100,000 EXTRA or BONUS votes, more bonus or extra votes far than you will ever get again for new one, two, three and five year subscriptions to the Daily Register. And this is just what you want to impress on those who have promised you a subscription "later on." Tell every one of these people that their subscription NOW will count more than it ever will again. One week of real live campaigning will mean more to you than all the remaining days of the contest.

You can roll up a vote now big enough to insure ultimate success on October 14. At least these big vote days are, without a doubt, the backbone of your campaign, and when the contest comes to a close and the judges call out the names of the winners of the most handsome and expensive prizes ever offered by a newspaper in this section, this is what you'll say: "Well, I have to thank those especially who gave me their subscriptions during the big vote days—those were the subscriptions that did the trick."

### The Roll of Honor

Hereafter votes will be counted daily at 9 a. m. and published in the

# TAKING STORM WATER FIGHT TO HIGH COURT

## Writ of Review Aiming to Break Formation of Dis- trict Is Sought

A petition for a writ of review, asking that the action of the Board of Supervisors of Orange county of July 19, in forming the United Storm Water District of Orange County be set aside, a temporary injunction issued against the board and the proceedings under which this district was formed, be reviewed, was filed with the Appellate Court in Los Angeles yesterday. The petitioners are Susana P. Bryant, Fred H. Bixby, L. W. Hellman, the Artesian Land Company and the Los Alamitos Sugar Company.

The petition states that the storm water district embraces 2000 property owners. The suit was filed through Attorneys Gibson, Dunn & Crutcher of Los Angeles.

The large property owners represented in the action in Los Angeles have fought having their land included in the district boundaries.

Copies of the papers filed in Los Angeles have not been received here. It is presumed that the injunction is not meant to head off the election next Tuesday, at which time the district is to select a board of trustees, but is meant to prevent any taxation under the district. The proceedings aim to set aside the formation of the district.

# IN THE JUSTICE COURT WOW! THERE'S MERRY WAR! WOULD SLAP HIM IN COURT

## Delhi Woman Declares Her- band Tried to Kill Her With An Automobile

"He tried to kill me by running over me with his automobile," declared Mrs. John Nichols, wife of the keeper of a store at Delhi.

"I did not," shouted Nichols.

"Shut up, or I'll slap your head off," fired Mrs. Nichols, and she drew back a broad hand that looked capable of carrying out the threat.

"You see, judge, that is what I get all the time," declared Nichols to Justice Cox.

"Now, John, you accuse Mrs. Rosenstein of battery upon you," said Justice Cox. "Do you mean to tell me that this little woman licked you?"

"I can show you the scratches on the back of my neck," said Nichols.

"My hands were all bleeding from where he scratched me," declared Mrs. Rosenstein.

"I am done with him," declared Mrs. Nichols. "I never did want him anyhow. It is all your fault for ever marrying us, Judge Cox."

"Don't you drag me into this family row," said Cox. "There are enough of you in it already."

Yes, indeed, things were being said in Justice Cox's court room this morning, even if it was a holiday.

Nichols had sworn to a complaint against Mrs. M. M. Rosenstein, a sister-in-law of Mrs. Nichols. The encounter between Nichols and Mrs. Rosenstein occurred yesterday.

It will all come out in the trial Monday, though most of it spurted at the court room this morning. It seems that Nichols and his wife have had several lively tilts. Mrs. Nichols is authority for the statement, and she ought to know. While she threatened to slap Nichols the whole occurrence was taken by Mrs. Nichols good naturedly. She couldn't refrain from twitting Justice Cox about the failure of his marriage ceremony—the one that united her with Nichols—to stick.

"I've licked him before, and I'll do it again if he don't leave me alone," said she.

She said that yesterday morning she took her suit case to a neighbor's house, and decided to walk to Santa Ana. She said Nichols tried to prevent her.

"He chased me with his automobile," said she, "and he ran into me. My hip is all bruised."

"Did he try to kill you?" asked Cox. "Did he? He certainly did, and I know it. He wants to get rid of me."

After Mrs. Nichols reached Santa Ana, she sent Mrs. Rosenstein to Delhi for her suit case. It was then that the fracas between Nichols and Mrs. Rosenstein took place. The woman says she did not strike Nichols, and Nichols says he did not strike the woman. However, each has scratches enough to indicate that all was not peace and quiet.

Justice Cox continued the hearing of the battery case until Monday morning. Mrs. Nichols departed, saying she would have Nichols arrested for battery upon her, and she would get a lawyer, and then things would pop, for she was going to make Nichols pay her alimony.

# WILL PROPOSE BREAD WEIGHT LAW IN COUNTY

## McPhee Says Sealers of State Firm For Staying By Baker's Standard

A county ordinance establishing the standard weight of baker's bread at two weights, twelve ounces and twenty-four ounces, will be submitted to the Board of Supervisors for passage by County Sealer George McPhee, who returned last night from the state convention of weights and measures men at Sacramento.

McPhee will also suggest to incorporated cities of the county that a similar ordinance be passed by them. "The bread weight question was one of the big things discussed at the state convention," said McPhee, "and the sealers were all of the opinion that there should be a standard. State Superintendent Johnson has had the question up with master bakers in Sacramento, and has won his point. We recognize that we cannot regulate how much bakers can charge per loaf, but the law can state what loaves shall weigh, so that people will know how much they are buying when they buy."

McPhee said that it was recognized at Sacramento that the raise in the price of flour is largely an artificial boost in prices by big concerns that handle large quantities. It is believed that there is no shortage that should justify the raises.

### Close to Big Fire

"I was visiting the fair grounds when the big fire destroyed the horticultural building," said McPhee. "I was with Mr. Johnson, the state superintendent of weights and measures. We had just stepped out of the horticultural building when there was a big burst of smoke and flames from a moving picture annex of that building. Johnson rushed back into the building, to give warning, and he and the secretary rescued a desk and a chair, and that was all that was saved."

"One thing I noticed up north," continued McPhee, "was that those people up there are all pulling together for their end of the state. They are working at it all of the time."

"The next convention of the sealers will be held in Fresno, which city set forth a prior claim to next year's meeting, as it in reality had been selected for this year's meeting but was sidetracked for Sacramento this year. I proposed Santa Ana, and Los Angeles and Riverside also wanted the meeting."

# SCHOOLS START SCHOOL YEAR ON MONDAY

## Mission Town Takes Its Usual Walnut Vacation So Pupils Can Aid Harvest

Nearly all of the schools of the county are to begin their fall term and their school year next Monday.

The schools of the county have had their buildings thoroughly renovated, and things are in apple pie order for the commencement of the year's work. Teachers are back from their vacations, and good health is the rule among them.

Santa Ana's schools are not to open until September 25. This is the date set for both high school and grammar schools.

While other pupils are starting in, pupils of San Juan Capistrano are getting a vacation. It is what is known as the "walnut vacation." School in the mission valley starts in in September, and a month of schooling has already been secured. The vacation allows the pupils to aid in harvesting the walnut crop.

# SAVAGE GRAFINITE TUBES Stand the strain

Savage Grafinite Tubes in Savage Casings give maximum service and satisfaction.

**Pure Para Rubber**—Savage Grafinite tube is laminated—made of layer on layer of pure gray Para rubber. To test quality of the rubber, put a deflated tube in water—it will float. A still better test, put Grafinite Tubes in your casings all around.

**Grafite Coated**—The only tube that has graphite vulcanized into its surface. Prevents deterioration, sticking, friction and heating; eliminates necessity for soapstone; lengthens life of tube.

**A true round at the splice**—Vulcanized with the tube in this shape. No chance for trouble as there might be if spliced flat. Savage Grafinite Tubes, like Savage Tires, are sold direct from factory. Prices on both very low, quality considered.

### WORD 'GRACE' IS DISCUSSED BY BEREAN FOLK

#### Songs, Devotional Exercises Aid In Rounding Out Splendid Meeting

The members of the Berean Bible class of the Presbyterian Sunday School assembled in a business and social meeting last Wednesday afternoon at the home of Mrs. C. P. Marshall, where cool, high-ceilinged rooms invited the visitor.

The busy matrons were glad of this opportunity to enjoy the afternoon together again after a vacation.

The meeting opened with songs and devotional exercises were led by Mrs. A. D. Turner. In this connection the word "Grace," which had been selected for study at this meeting, was taken up and each member present gave an exposition of the word, making an

interesting feature of the meeting. After reports were heard it was decided that the business of calling on strangers and others should be resumed in the interest of the class.

In the absence of the secretary, Mrs. L. A. Cook was instructed to write a letter of condolence to Mr. and Mrs. McDougal for the loss of their infant son.

Attention was called to flower committee work. A short report was given of the meeting of the Presbyterian held in Santa Ana on Tuesday the 5th, after which the class voted to give \$3 to the treasurer of the Missionary Society to purchase material for the Forsythe Memorial school in Los Angeles.

The meeting adjourned and a pleasant social hour followed in which the hostess served delicious pineapple ice with several varieties of homemade cake of the delectable kind.

Those present on this occasion were Mrs. W. L. Leiby, Mrs. C. P. Marshall, Mrs. J. W. Dryer, Mrs. Charles White, Mrs. A. D. Turner, Mrs. L. A. Cook, Mrs. G. W. Pollard, Mrs. C. H. Taylor, Mrs. Earl Marshall and Miss Kenyon were guests of the club.

### COREOPSIS CLUB HAS TATTING AFTERNOON

The regular meeting of the Coreopsis Club was held Wednesday afternoon at the home of Mrs. Claude Norton.

The meeting of this club is the time for bringing out the prettiest pieces of embroidery, tatting, crochet and various other kinds of stitchery, and all hands are busy while the social chat goes on.

Enjoyable music was furnished by Mrs. Fenlon Matthews, the other members of the class in attendance being Mrs. Jack King, Mrs. Charles Lambert, Mrs. E. E. Smith, Mrs. Ann Swartz, Mrs. John Howes, and Mrs. Hart. Mrs. Claude Norton was a guest of the club.

### BURY INFANT SON OF REV., MRS. M'DOUGAL

Funeral services for the infant son of Rev. and Mrs. W. S. McDougal were held Thursday morning at 10 o'clock at the Presbyterian manse.

The rooms were filled with sympathetic friends, the dainty little casket being surrounded with delicate pink and white flowers.

Rev. J. A. Stevenson and Rev. Paul Stevens were present, Rev. Stevens reading a beautiful scripture lesson which was followed by prayer. The company was taken in automobiles to Fairhaven cemetery where the little body was laid beneath the grassy sward after a most comforting talk by Rev. Stevenson.

### BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Say a glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, yellow and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile, before putting more food into the stomach.

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.

### LECTURER TELLS BATTLE WAGED ON ALCOHOL

#### L. A. Crusader Uses Slides to Show How Drink Evil Is Passing

A stereopticon lecture was given last Tuesday night in the school house auditorium by Dr. Dana W. Bartlett of Los Angeles.

The speaker was introduced by Judge Thomas of Santa Ana and cordially commended to the audience as the one who has done more than any other to make Los Angeles a slumless city.

Dr. Bartlett began his lecture by saying "Alcohol is passing from the earth" and the illustrations he gave proved it. There were comparatively few black spots on the map of the United States. Some of the big nations of the earth have prohibited it and many smaller ones are turning their backs upon it.

In introducing the speaker, Judge Thomas said Dr. Dana Bartlett had dedicated his life to cleaning out the slums, making a better city and better men and women.

#### CREATIVE ABILITY

Why not have in our schools a course in creative ability? Nothing is more important. Practically every material blessing we enjoy, every piece of modern machinery, is due to the creative ability of some man; every good book or poem; every work of art; every great piece of architecture.

Every modern system of business is due to the creative ability of some mind. One can almost draw a line and separate the real builders of the world from the drones by the test of creative ability.

And creative ability is one of the earliest human traits displayed. The child building his blocks on the nursery floor is an instance.

Why is nothing being done to foster and encourage this divine gift? Why encourage this divine gift? Why make efforts been made to crush it? Let a boy be a dreamer, and he is immediately put down as impractical. The immediate result, something visible to the naked eye, appears to be the goal at present. Creative ability on the contrary often takes its own time. It cannot be hurried. It must wait to form its vision.

Instead of safeguarding and nursing this sacred process, have we not become a bit ruthless of it in our impatience?

Isn't it fair to have our course in Creative ability as against the many courses in practical training? I do not for one moment assert that discipline should not be taught. But there is a fine line of discrimination here.

Creative ability is something that should be readily discoverable. The marks of it are always apparent to the sympathetic eye. Why not encourage it?—Editorial, Ladies' Home Journal.

### LULLABY OF FAMOUS SINGER IN LION'S DEN LULLS SAVAGE BEASTS

LOS ANGELES, Sept. 8.—Mme. Schumann-Heink sang at Universal City. Laughingly Vice President Davis suggested to the singer that she test her nerve by entering a cage of lions.

Mme. Schumann-Heink accepted the "dare" and two lions were driven into positions on two pedestals. Between these pedestals a chair was placed and in it Mme. Schumann-Heink seated herself.

When the singer first entered the cage there was a tremendous roaring on the part of the lions. Those who looked on feared for the singer's safety until she began singing a soft lullaby.

Hardly had the first bar of the song been sung when the lions ceased their noise. Mme. Schumann-Heink continued until the lions were thoroughly quiet. While she posed between the lions motion pictures were taken.

### COST OF PRINT PAPER TO BE PROBED BY U. S.

WASHINGTON, Sept. 8.—The Federal Trade Commission was directed by the Senate resolution that has been passed to investigate the increased cost of print paper and to ascertain if there has been any violation of the anti-trust law.

Senator Fletcher offered the resolution and said it was intended primarily to protect the government's interests, but called attention to the widespread interest in this subject.

Fletcher said that recently when the government printing office had to go into the open market for paper there was only one bid. He would not say there was collusion, but he did say that the bid submitted was double what was offered a year ago.

Senator Smoot, putting all sorts of things into the daily Congressional Record, he said that miscellaneous articles of all kinds had been put into the Record today alone in the two houses of Congress that would involve an expenditure of \$6000. With regard to the paper upon which the Record is printed, Mr. Smoot said there was on hand not enough to print the Record for one week, and the public printer was finding difficulty to obtain paper at any price. Ordinarily, he said, there was a six months' supply on hand.

With regard to the paper upon which the Record is printed, Mr. Smoot said there was on hand not enough to print the Record for one week, and the public printer was finding difficulty to obtain paper at any price. Ordinarily, he said, there was a six months' supply on hand.

WASHINGTON, Sept. 8.—The Federal Trade Commission was directed by the Senate resolution that has been passed to investigate the increased cost of print paper and to ascertain if there has been any violation of the anti-trust law.

Senator Fletcher offered the resolution and said it was intended primarily to protect the government's interests, but called attention to the widespread interest in this subject.

Fletcher said that recently when the government printing office had to go into the open market for paper there was only one bid. He would not say there was collusion, but he did say that the bid submitted was double what was offered a year ago.

Senator Smoot, putting all sorts of things into the daily Congressional Record, he said that miscellaneous articles of all kinds had been put into the Record today alone in the two houses of Congress that would involve an expenditure of \$6000. With regard to the paper upon which the Record is printed, Mr. Smoot said there was on hand not enough to print the Record for one week, and the public printer was finding difficulty to obtain paper at any price. LUMBUS, O., Sept. 9.—The Rev. Edward W. Doolan, pastor here, has installed new pictures as part of his Sunsermons at the First Baptist church. He said today he did it because "he long ago recognized the disadvantage in making the eye eighty per cent as the auditory nerve," by turning people's eyes into ears. "The movies get the people," said Doolan, "and why shouldn't they? Why use modern methods? They have added two-fold to the attendance. They are a great thing."

**LOS ANGELES PRODUCE MARKET**  
Bellefleur apples were cut yesterday by several of the largest fruit dealers, and the range of values now for all sizes is 75 to 95 cents a box. Other apples are unchanged in price, although a downward movement is expected within another week or ten days, as the fall varieties begin to

come on the market in greater quantities. Bartlett pears are bringing expensive figures, and nothing in the way of a good pear can now be purchased for less than 5 cents a pound, while packed boxes are selling for \$2.25 to \$2.40 a basket. Pears were a little easier yesterday, when straw sold for 6 to 8 cents a basket.

Eggs jumped up another cent on the Produce Exchange Friday morning, when 10 cases changed hands at 37 cents a dozen. Butter was firm.

**NOTICE INVITING BIDS**  
Santa Ana, Calif., Sept. 6, 1916.  
In pursuance of a resolution of the Board of Supervisors of the County of Orange, Cal., adopted September 6, 1916, directing this Notice, notice is hereby given that the said Board will receive at its offices at the Court House at Santa Ana, Cal., at or before the hour of 2 o'clock p. m. of October 4, 1916, sealed bids or proposals for the construction of a four-inch, sixteen feet wide concrete pavement on Myford Road extending from State Highway to a distance of about three-fourths mile.  
Bids must be made on the form provided for the purpose, addressed to the Board of Supervisors, County of Orange, Cal., and marked "Bid for Myford Road." The work is to be done in accordance with the specifications and reserves adopted by the Board of Supervisors on file in the office of said Board and in the office of the County Surveyor in the Court House.  
Each bidder must submit with his proposal a satisfactory check certified by a responsible bank and payable to the order of the County of Orange, for an amount not less than five per cent of the aggregate sum of the bid, as a guarantee that the bidder will enter into the proposed contract if the same is awarded to him, and in event of failure to enter into such contract, said check shall become the property of the County.  
The amount of the bond to be given to secure a faithful performance of the contract for said work shall be 25 per cent of the contract price thereof, and an additional bond in an amount equal to 50 per cent of the contract price for said work shall be given to secure the payment of claims for any material or supplies furnished for said work, and to secure the work contracted to be done by the Contractor, or any work or labor, of any kind done thereon, and also will be required to furnish a certificate that he carries compensation insurance covering all his employees upon work to be done under contract which may be entered into to building him and the said county for the building of said road.  
Under these specifications the County of Orange will furnish the necessary sand, crushed rock, gravel and cement, f.o.b. cars nearest freight siding to said work.  
Copies will be furnished intending bidders upon application to the County Surveyor of said County, for which a fee of three (\$3.00) dollars will be required, same to be returned on the filing of bid, and the return of plans and specifications. The Board of Supervisors reserves the right to reject any and all bids.  
By order of the Board of Supervisors of the County of Orange, State of California,  
W. B. WILLIAMS,  
County Clerk.

**CLOSE-IN SNAPS**  
No property is as good to hold as close-in stuff in any good city. Applied to Santa Ana, there is not a man in the city who does not know this is true. The only thing to consider is, "Has Santa Ana a future?" and that question which can be had NOW at never-again prices. Most of them are producing some income—enough to easily carry themselves while you wait. Five years from now you are going to hear all about how "I could have bought that piece of property in 1916 for so-and-so. That's where I made my mistake." And believe me, there are a whole lot of men in Santa Ana who KNOW they are making that mistake right now.  
If you have idle money, or money you can possibly spare, why not listen to the absolute dictates of reason and take advantage of the rare opportunity for investment which are offered NOW? Look back ten years and compare the price of any business property in Santa Ana NOW with what it was THEN. Look ahead ten years, and when you have fully grasped the vision, grab your check book and come up here and let me show you where you can get into the satisfied column instead of the class which is going to say "That's where I made my mistake." You don't take any chance in buying close-in property at the prices I can give you except how much and how quick a profit you are going to make.

#### EVERYBODY MAY ENTER

Any reputable citizen of Orange county, except members of the families of the Register staff, may enter this contest.

Any contestant may work for subscribers anywhere in the county, but the contestant will be entered in the district in which he or she resides.

In addition to competing for the prizes in the district where the contestant resides, all contestants are competitors for the Grand Capital Prizes—the Automobile and \$500.00 cash prize.

**NOMINATIONS OF CONTESTANTS MAY BE MADE UP TO SATURDAY, SEPT. 9TH**  
Anyone can nominate a contestant, or anyone desiring to enter may nominate himself or herself.

#### Grand Second Prize--Cash \$500.00

The splendid prize will be awarded to the contestant securing the second largest number of votes, regardless of district—that is, any contestant, residing in any district can compete for this prize. Also the automobile.

#### Special District Prizes

These special prizes are offered to the contestants residing in each of the four districts, though all contestants will compete for the two grand prizes.

#### SQUARE DEAL GUARANTEED

This contest will be conducted by the Register's regular staff. No outsider will have any connection with it in any way.

The votes will be counted and the footings announced showing the standing of all the contestants from day to day as the contest progresses.

An accurate account of all votes will be kept by the contest manager, but each contestant is requested to keep their own account of all votes they secure. This will be a safeguard against any error that may occur in the contest department.

#### DON'T DELAY—ENTER TODAY

All who wish to enter the contest are urged to do so now. The earlier you begin the better your chance of winning one of the capital prizes.

ANY CONTESTANT THAT FAILS TO SECURE A PRIZE WILL BE PAID A CASH COMMISSION OF 5 PER CENT ON ALL RENEWALS AND 10 PER CENT ON ALL NEW SUBSCRIBERS SECURED.

## A PAIR OF SHEARS AND A PENCIL
